SOUTHERN CALIFORNIA Super Doctors® 2012

Southern California's Top Doctors

PHYSICIANS TELL US WHICH
COLLEAGUES THEY WOULD CHOOSE

Have you ever wondered—who is the “doctor’s doctor”? Wouldn’t it be nice to know which physicians are trusted and sought out by colleagues for medical care? Although being a savvy health care consumer and researcher is a smart idea, the pursuit of such information can prove a daunting task, so Key Professional Media, Inc., a leading researcher and publisher of *Super Doctors*®, did the work for you.

Key Professional Media, Inc., asked doctors to nominate one or more colleagues (excluding themselves) they would choose in seeking medical care. The *Super Doctors* research team investigated further and searched for exceptional doctors to complement the results. Candidates were evaluated on indicators of peer recognition, professional achievement and disciplinary history.

Doctors were grouped into thirty-seven specialties. Professionals with the highest scores from each grouping were invited to serve on a blue ribbon panel and asked to evaluate the candidates in their specialty. Finally, doctors who acquired the highest total points from the surveys, research and blue ribbon panel review were selected for inclusion in *Southern California Super Doctors 2012*.

Of course, no list is perfect. Many qualified doctors who are providing excellent care to their patients are not included on this year’s *Super Doctors* list. However, if you’re looking for exceptional physicians who have earned the confidence and high regard of their peers—you can start your search here.

Dr. Beart

Dr. Vukasin

Dr. Garza

The Colorectal Surgery Institute proudly congratulates our Board Certified Colon and Rectal Surgeons for being recognized as **Super Doctors®**.

The Institute opened in January 2010 under its Medical Director, Dr. Robert W. Beart, internationally renowned colorectal surgeon. Joining him in this academically-oriented setting are two well established surgeons, Dr. Petar Vukasin and Dr. AnaMaria Garza. Together, they form a cohesive and dynamic team specializing in colon and rectal cancer, continence preservation procedures, minimally invasive colorectal surgery, and functional anorectal disorders. The Institute provides patients access to the latest clinical research trials and surgical innovations.

Our Colorectal Surgery Institute team provides leading-edge treatment options in a caring, compassionate and dignified environment.
